About DevFest

DevFest is a global, community-driven tech conference hosted by **Google Developer Groups (GDG)** around the world — a celebration of innovation, learning, and collaboration. Every DevFest is uniquely crafted by local GDG organizers to reflect the learning needs, ambitions, and creative spirit of their regional developer ecosystem

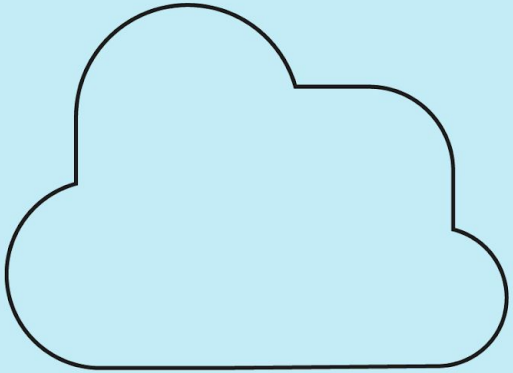

DevFest 2026 Indore, an initiative by ***GDG Indore***, stands as **Central India's largest developer conference**, uniting developers, students, startups, and technology enthusiasts under one roof.
This year's edition focuses on AI, Cloud, and emerging technologies, driving impactful knowledge exchange and meaningful networking opportunities.

Through a *blend of keynotes, hands-on sessions, and expert panels*, DevFest Indore aims to empower the next generation of innovators while providing brands and partners an unparalleled opportunity to connect with the brightest tech minds shaping the future.

About Us

GDG Indore, which stands for Google Developers Group Indore, is a technical-community based in Indore, India. We organize frequent meetup events which include talks on a wide range of technical topics where you can learn new skills through hands-on workshops, online challenges, interaction with the community, and hackathons.

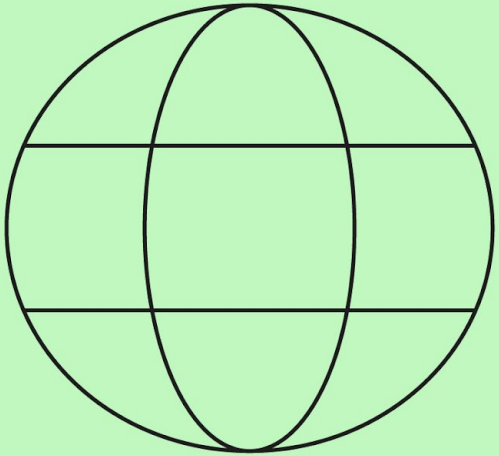

The community prides itself on being an inclusive environment where everyone and anyone interested in tech - from beginner developers to experienced professionals - all are welcome to join.

To learn more about the GDG program, visit

Our Events

Build with AI Hackathon

Sep 6, 2026 @Walkover

A 12-hour building sprint for 100+ vetted developers focused on practical, community-first AI solutions and deployed MVPs.

The Cohort: 100+ vetted full-stack & AI engineers from GDG Indore's 9,000+ chapter network.

The Deliverable: Production-ready MVPs built with Gemini, Model Context Protocol, and cloud stacks.

Partner Benefits: Official challenge track naming rights, hands-on API integration and direct candidate sourcing.

Our Events

Google Cloud Hands-On series

Ongoing from Sep 15, 2026 @College campuses

A **student-focused hands-on learning series** introducing cloud infrastructure and practical GenAI deployment through guided masterclasses.

Key Highlights:

- ➔ Access to engineering students through **Google Developer Groups on Campus (GDGoCs)** across leading regional institutes.
- ➔ Build visibility across multiple engineering institutes through a community-led learning network.
- ➔ **Early developer platform lock-in**, distributed tech credits/SDK adoption, and **first access to entry-level tech cohorts**.

Our Upcoming Events

Sponsorship: ₹20,000

AI & Creator Economy Meetup

Early October

An **exclusive** mixer connecting 30–50 **digital creators, marketing leaders, and media founders** to explore AI-powered content creation, automation, and business growth.

Key highlights:

➔ Direct engagement with regional distribution channels and content multipliers across Central India.

➔ Organic creator UGC/social amplification and targeted SaaS tool trials

➔ Visibility through creator-generated content and social media.

Put your product in front of people creating, distributing, and growing with AI.

Our Upcoming Events

Sponsorship: ₹20,000*

HR Leaders Summit

Mid October

A **curated** gathering of **40–50 HR and talent leaders** focused on how AI is reshaping hiring, workforce upskilling and future talent pipeline.

Key Highlights:

➔ Access to senior HR leaders and decision-makers across our network of corporate partners.

➔ Connect organizations with a strong network of skilled developers and tech professionals for hiring and talent acquisition.

Position your brand at the intersection of AI, enterprise technology, and the future of work.

Our Upcoming Events

Sponsorship: ₹20,000

Founder RoundTable

Mid October

A **curated, closed-room meetup** designed to bring **founders** together for meaningful conversations around *real business challenges, experiences, opportunities and learnings*.

Unlike a traditional meetup with long talks or panels, the focus will be on **peer-to-peer interaction, problem solving and meaningful connections**.

Key Highlights:

➔ Access Central India's active startup and investment ecosystem.

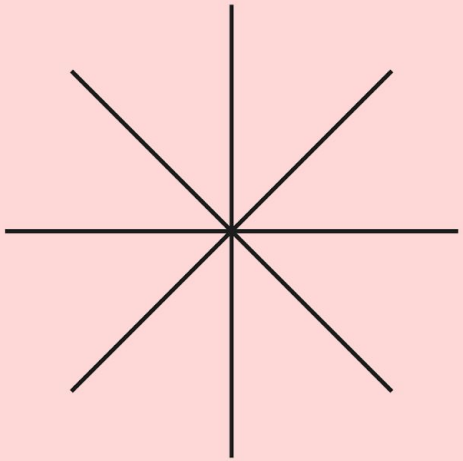

➔ Give founders a platform to openly discuss real challenges.

No pitches. No long panels.
Just founders, real problems & meaningful conversations.

Hands-on Workshop Series

A collaborative initiative by **GDG Indore**, this ongoing **Hands-On Workshop Series** is designed to bring **real-world tech learning** directly to campuses and corporate spaces.

Partnering with **Google Developer Groups on Campus (GDGoCs)** across leading institutes and industry offices, we aim to bridge the gap between theory and practice through interactive, project-based learning sessions on cutting-edge technologies — from AI and Cloud Computing to Web, Mobile, and GenAI.

Each workshop provides participants with:

⚙️ **Practical, hands-on experience** guided by industry experts
🌐 **Exposure to real-world tools and technologies**
🤝 **Collaboration opportunities** between students and professionals
🚀 **Pathways to contribute** to the larger developer ecosystem

Together, we're building a community where learning meets doing —

one campus at a time

Terms and Conditions

- Sponsorship is confirmed only after the official agreement and the 50% deposit is paid.
- We will not share any attendee contact lists (e.g., emails) to protect attendee privacy without their consent.
- Sponsors may collect leads at their booth *only* with an attendee's direct consent (opt-in).
- Sponsors are responsible for the design, production, cost, and setup of all their own promotional materials (e.g., booths, standees, swag).
- All sponsor brand assets (logos, videos) must be provided with agreement to be included in event materials.
- All sponsor staff must adhere to maintain a safe, inclusive, and harassment-free environment for everyone.
- We are not responsible for any lost, stolen, or damaged sponsor property.
- The event agenda and speaker lineup are subject to change.
